## RESOURCES

At the Powerhouse, we recommend and encourage the use of **Harvard University's Thinking Routines** before, during and/or after our learning experiences. A thinking routine is a set of questions or a brief sequence of steps used to scaffold and support student thinking.

The Harvard routines will help your students create a culture of thinking in which they make learning and thinking visible.

As a way to prepare for, or unpack the content following the webinar, two recommended thinking routines are **Think, Puzzle, Explore** and **The 3 Whys**.

THINKING ROUTINES GUIDE	
<b>Think, Puzzle, Explore</b> This routine activates prior knowledge, generates ideas and curiosity, and prepares students for deeper inquiry. What do you think you know about this topic? What questions or puzzles do you have about this topic? How might you explore your puzzles about this topic?	<a href="http://www.pz.harvard.edu/sites/default/files/Think%20Puzzle%20Explore_2.pdf">http://www.pz.harvard.edu/sites/default/files/Think%20Puzzle%20Explore_2.pdf</a>
<b>The 3 Whys</b> The 3 Whys routine is based on one of the most compelling reasons to act on climate change: intrinsic motivation for one's own future. <ol style="list-style-type: none"><li>1. Why might this [topic, question] matter to me?</li><li>2. Why might it matter to people around me [family, friends, city, nation]?</li><li>3. Why might it matter to the world?</li></ol>	<a href="http://www.pz.harvard.edu/sites/default/files/The%203%20Whys.pdf">http://www.pz.harvard.edu/sites/default/files/The%203%20Whys.pdf</a>
